CHCPE

You want to obtain financial compensation tax free for taking care of your loved one in your own home?

The CT Home Care Program for the Elderly (CHCPE) is for people with disabilities, over 65 y/o who meet the eligibility requirements.

It has many advantages!

Depending on the level of care, the family member or loved one who lives and cares for the client can obtain a tax-free economic compensation.

Applicants Must Be:

- CT Resident
- Met the program's financial eligibility criteria
- 65 years of age or older and receive T-19 Medicaid
- Registered with, The Connecticut Home Care Program for Elders (CHCPE)

How to become a PAID caregiver for your family member/loved one?

Serving as a caregiver for a family member/loved one is an extremely rewarding experience.

As a primary caregiver,
you don't have to worry about outside help that may not be compassionate or vigilant in caring.

Direct Caregiver (DCG) Eligibility & Responsibility

- 18 years of age
- Maintain Confidentiality
- Physically able to perform the services required
- Able to follow written, verbal or non-verbal instructions
- Able to function as a member of an interdisciplinary team
- A Connecticut Resident and live in the same household with the client
- Able to complete record keeping requirements specified by Abuelos Care Inc.
- Able to handle emergencies and report any changes about the client to the agency

The primary caregiver is responsible for ensuring that the health and safety needs of the individual are met 24/7 days a week unless the client is receiving care from another previously approved qualified services i.e PCA, or Adult Day Care.

Benefits and Services

Caregivers receive compensation for their efforts, paid for work that they would have likely provided for FREE!

Level 1: Require daily supervision, as well as supervision or prompting with one "Activity of Daily Living".

Level 2: For individuals that require daily hands-on assistance with 2 or more "Activities of Daily Living".

Level 3: For individuals who require daily hands-on assistance with 3 or more "Activities of Daily Living," or 2 "Activities of Daily Living" and have cognitive or behavioral issues.

Level 4: For individuals who require daily hands-on assistance with 4 or more "Activities of Daily Living," or 3 "Activities of Daily Living" and have cognitive or behavioral issues.
